## Trousers Only Measurement Guide

### You Need

1. A Fabric Tape Measure ([Download our printable tape measure](#) or contact us via [email](#) or phone at **1-800-340-7345** and ask us to mail you one for free).
2. Ten to fifteen minutes.

### It would help if

3. You had assistance from a friend when measuring (*although the majority of the measurements can easily be self-taken, we have found the process to be faster if you have someone readily available to assist you. In addition, if you would rather use a local tailor or seamstress, we will refund the measuring cost up to \$25 in the form of an in store coupon.*)
4. You wore a good fitting dress-shirt and slacks. *If you do not have these items, any form-fitting clothing will suffice (to include a t-shirt and boxers). No jeans and empty your pockets!*

### About Measuring

- When taking measurements the tape should be held flat against the body; it should be held snug enough so not droop, but never so tight as to feel restrictive.
- All measurements should be taken to the nearest quarter (.25) inch.
- Do not add wiggle room to your measurements. We will adjust the fit based off of your selected preferences and build. All measurements are “skin measurements”.
